Empowering nurses to care for the world

Our mission

Nurses in Mission was founded from the vision of two York County nurses whose lives and professional practice were permanently changed as a result of mission work. Seeking to inspire, encourage, mentor, and coach other nurses to participate in mission work, Nurses in Mission is a resource for individuals, agencies, churches, and other organizations dedicated to caring for the world.

Nurses in Mission exists to empower nurses in the York community to use their abilities and talents in the nursing profession to impact the health of individuals locally, nationally, and internationally.
